

Name: Mysterious Message

Description:

My friend from Hyrule sent me this image but I can't understand it.

He also said,

"To break this cipher, you have to become a Fence climber,
the magic number 3 will help you find your answer".

Can you help me decode this message?

After reading the description we can do search of what Hyrule is. It is a fictional land from The Legend of Zelda games. So, we can search the language of that region which is called Hylian. Searching for Hylian language translator we can come across this site.

This is a site called **dcode.fr** which contains many decrypting tools.

The screenshot displays the dCode.fr website interface. On the left, there's a search bar and a list of tools. The main content area features the 'HYLIAN LANGUAGE (BREATH OF THE WILD)' decoder tool. It includes a text input field, a 'DECRYPT' button, and a section for 'HYLIAN (BREATH OF THE WILD) CIPHERTEXT'. Below this, there's an 'HYLIAN ENCODER (BREATH OF THE WILD)' section with a 'PLAINTEXT' input field and an 'ENCRYPT' button. The right sidebar contains a 'Summary' section with links to various tools and a 'Similar pages' section with links to other cipher-related pages. The bottom of the page has a link to 'Answers to Questions (FAQ)'.

At the same site, [dcode.fr](https://dcode.fr/rail-fence-cipher-decoder), you can find a Rail Fence cipher decoder.
